CASH CONTRACTS: Fixed & Multi Grade

WHAT IS A CASH CONTRACT?

A Cash contract provides growers with a fixed price per mt for an agreed volume of grain delivered to a specific location at a future date.

GRADES AVAILABLE

Under this type of contract, there are two options for setting the base price: Multi Grade and a specific Fixed Grade. All Grades (except noodle) are deliverable against a Milling Multi Grade contract. All grades of noodle wheat (and selected other grades) can be transferred to a Noodle Multi Grade contract.

MULTI GRADE

Multi Grade Forward Cash contracts allow growers to lock in a set price for APW or ANW wheat. Premium and discount schedule (spreads) are available to establish the fixed price for alternative grades. Growers may elect to either lock in the spreads for other grades at the time of contracting, or leave these spreads floating. If a grower leaves spreads floating, they will be set as per Philp Brodie Grains' published spreads as at 1 November annually.

FIXED GRADE

Growers may also elect to sell forward through a grade-specific contract. Under this type of contract, there will be no grade spreads quoted, as only the base grade, or better, may be delivered against these contracts at the contracted price.
